

Oak Class

Dear Parents and Carers,

Welcome to the start of our new year in Oak Class. We hope that you had a lovely summer holiday and are looking forward to our Autumn term ahead. We have started our learning characteristics with being 'determined and resilient', which I already know some children have met this during their summer holiday activities.

During this term we will be looking at Humankind. In science we will be learning about the human life cycle and experimenting on how germs can spread, as well as looking at the different seasons. In English we will be using Mr Men to assist our learning. We have already had a great start with using capital letters and full stops in our sentences. Our class text this term will be the BFG. In maths we are focussing on place value and having a good understanding of numbers. Our focus during Topic will be looking at human features and physical features of our area we live in.

All children will have a yellow reading diary and reading book coming home, which should be written in each week. Reading is incredibly important to a child's development and we really appreciate your support listening to your child read.

Thank you for your continued support and please speak to us at the gates if you having any concerns. We are really looking forward to a great year ahead of us.

Kind regards,

Mrs Jean-Jacques

Weekly Events

Daily –

Water bottles, sun hats,
coats & reading book

Long Hair tied up

Tuesday - Scouts

Thursday – PE

Important Announcements

Jewellery – please remember that earrings should be studs, not hoops and that necklaces should not be worn.

Please label everything!
