

Term: Autumn 1 September 2023

# Silver Birch Class

Dear Parents and Carers,

Welcome to the Autumn Term! We hope that you had an enjoyable summer and are looking forward to our new school year.

Our learning characteristics this half term are determination and resilience as well as becoming a collaborative learner. Have a look at the Learning pi website for some tasks to accompany this characteristic as well as others.

This half term we are continuing our learning about the theme of Humankind. In geography we will be exploring how different communities impact the Earth. Our science work is learning all about the properties of materials and how they can change for different purposes. In Maths, we are focussing on place value of numbers up to 10,000,000 – including comparing, ordering numbers and negative numbers.

All children will shortly have their Times Tables Rock Stars login and we really appreciate you supporting your child with the learning of these key facts; the programme is tailored to suit each individual and adapts to the answers they give.

All children be bringing home a green reading diary and reading book which should be written in each week. We know how important reading is to whole child development and appreciate your support with this.

Thank you for your continued support, as always, please contact us if you have any questions.

Many thanks,  
Mrs Prior

## Weekly Events

**Daily – Water bottles, coats & reading book needed**

**Thursday – PE**

**Tuesday - Scouts**

## Important Announcements

Jewellery – please remember that earrings should be studs, not hoops and that necklaces shouldn't be worn.  
Thank you.

“Anyone who has never made a mistake has never tried anything new.”  
Albert Einstein
